

Irvine Locality Partnership

Building baseline
Profiles for the Locality
Partnership

Irvine - What the Profile will cover

- Priorities from workshops & People's Panel 2015
- Population change – from 2012 to 2026
- Life expectancy
- Household Incomes
- Education - results at key stages
- Housing – average house prices
- Key strengths and challenges

Priorities from People's Panel & workshops (2015)

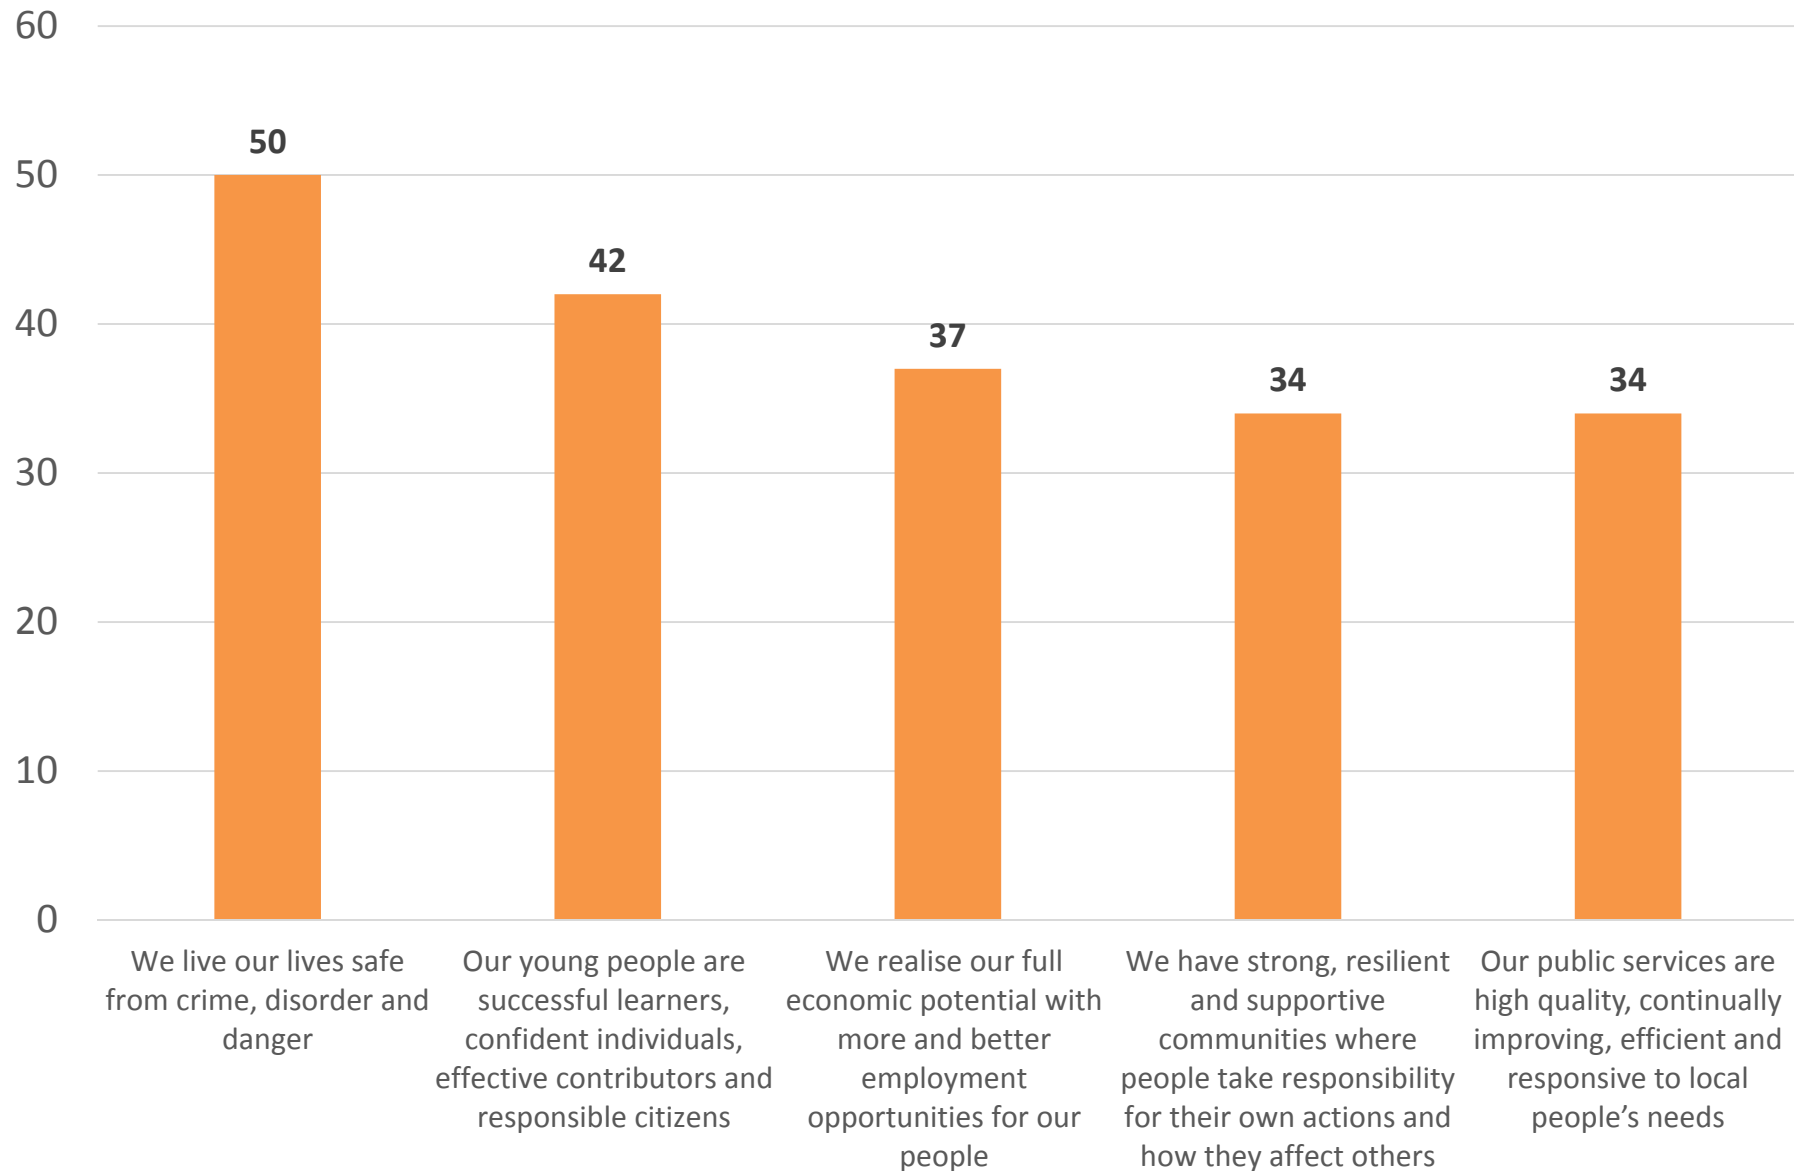

People's Panel

- 2000 North Ayrshire residents surveyed every 2 years with follow-up focus groups.
- Question “*What are the most important aims for partnership working in North Ayrshire*”
- The aim “**We live our lives safe from crime, disorder and danger**” was selected by the greatest number of respondents as one of their top 5 priorities. This was the case for both North Ayrshire as a whole and for respondents within the Irvine Locality.
- In the Irvine Locality **50%** of respondents selected it as *one of* their top 5 aims

Percentage of Irvine respondents selecting priority as a top 5 aim

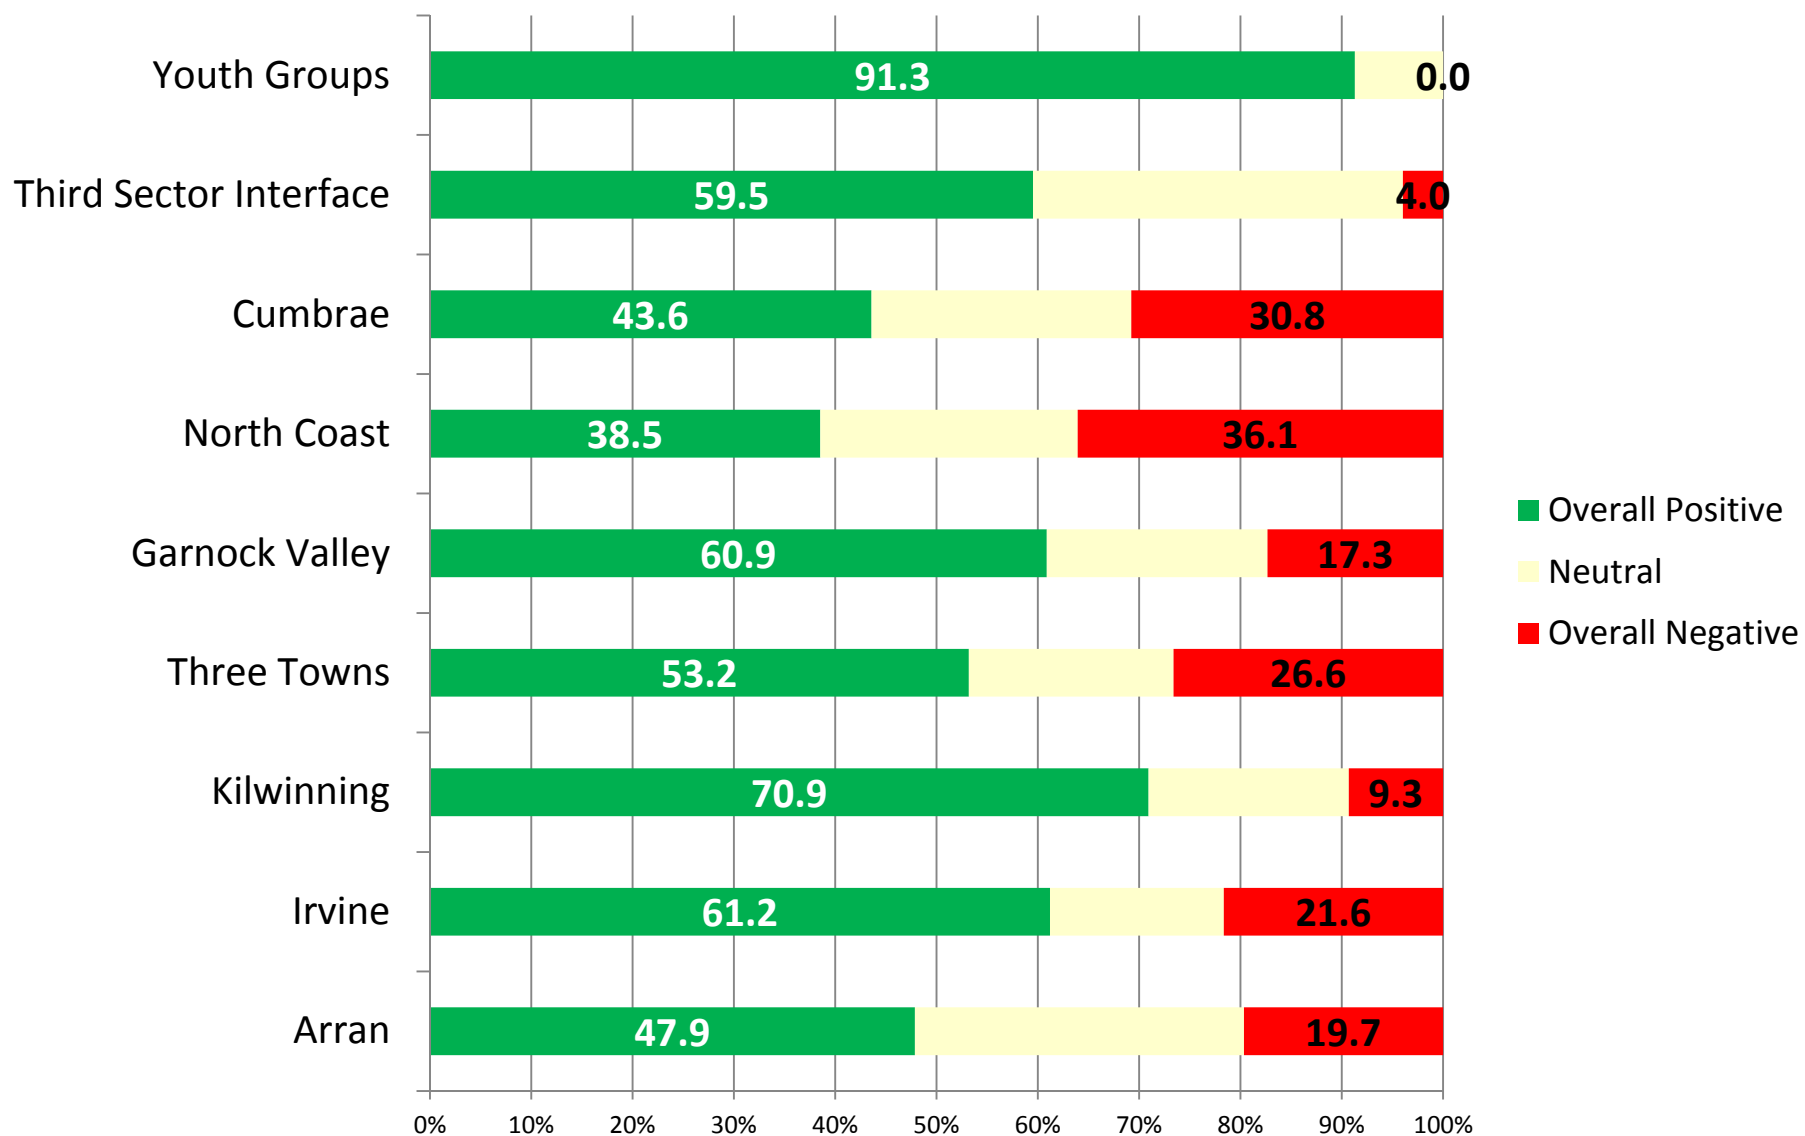

Locality Planning workshops

- The workshops generated 943 comments from over 150 people who participated.
- Workshops consulted on the membership, role and responsibilities of new Partnerships:
 - Are these the right people? Anyone missing?
 - Are these a fair set of responsibilities? Anything missing?
 - What should be the role of Partnerships in the development and delivery of Locality Plans?

Summary

Strengths & Challenges

Summary

Strengths

- Positive responses to Locality Planning Approach
- Stable younger age population to 2026
- Pockets of above average male life expectancy in Springside, Perceton, Lawthorn & Dreghorn
- High female life expectancy in Broomlands
- Strong educational attainment in Girdle Toll & Stanecastle

Challenges

- Highest increase of over 65s projected over next 15 years
- Male life expectancy lower than the Scottish average in ten out of twelve neighbourhoods
- Lower attainment rates among S5 pupils at SCQF Level 6 (Highers)
- Some of the lowest household incomes in North Ayrshire

Next steps

- Six summary Locality Profiles
- Comparator tables across 6 areas
