# Our Partnership

The North Ayrshire Community Planning Partnership is made up of the following organisations:

### Our Place

North Ayrshire is a beautiful place in which to live and work. We are proud of our islands, coastline, towns and villages. We have a strong sense of local identity and heritage.

We are situated on the south west coast of Scotland. North Ayrshire covers an area of 340 square miles. We have great transport links to our island communities, our neighbouring authorities and to Glasgow and beyond.

As well as working across North Ayrshire as a whole we have a focus at a more local level. We do this through our six Locality Partnerships.

These are:

- Arran
- Garnock Valley
- Irvine
- Kilwinning
- North Coast
- Three Towns

North Ayrshire Community Planning Partnership is a strong and effective partnership of a wide range of organisations. We come together as we appreciate the benefits of sharing our resources, knowledge and skills to improve the lives of local people.

This Local Outcomes Improvement Plan is a shared commitment by all of our partners.

Key to the work of our partnership is you! We need to work with local people and organisations to make a real difference in North Ayrshire.

### Our Priorities

### Our partnership vision is North Ayrshire – A Better Life

To achieve this we need to make sure that life is "Fair for All" in North Ayrshire. Fair for All is our strategy for promoting equity. This strategy and the pledges we are delivering on are available at www.northayrshire.community/about-us/fair-for-all/

The key pledge within Fair for All is:

"North Ayrshire CPP pledges to tackle the root causes of child poverty and mitigate its impact to create a better life for local people."

Since the agreement of our last joint partnership plan, the Single Outcome Agreement 2013-17, we have increased our focus on child poverty. This is in response to very concerning local trends in child poverty levels.

Underpinning this we have four priority areas:

- A Working North Ayrshire
- A Healthier North Ayrshire
- A Safer North Ayrshire
- A Thriving North Ayrshire Children and Young People

Our cross cutting themes influence our approach to these priorities:

- I. Building stronger communities by this we mean enabling communities to increase control over their lives, being supported to do things for themselves and having their voices heard in the planning and delivery of services.
- 2. Prevention by this we mean tackling issues early to stop things from happening in the first place or from getting worse.

These do not operate in isolation. We draw from a range of partner plans to support these priorities. These are available at Appendix 6.

# A Safer North Ayrshire

The North Ayrshire Anti-Social Behaviour Strategy 2015-18 and the North Ayrshire

Violence Against Women Strategy 2015-18 **www.northayrshire.community/working-together/our-priorities** are key current partnership strategic plans for delivering on this priority. We are developing our new community safety plan which will pull these together with other key areas of work into one overarching community safety plan from 2018.

In this interim period we are continuing with our Single Outcome Agreement outcomes in relation to a safer North Ayrshire. These both tie in with the Anti-Social Behaviour Strategy and Violence Against Women Strategy, and continue to be relevant to local people.
