It was considered that an awareness raising event could be held in February 2019 Ayrshire Community Trust hold information on the wide range of community groups in the local area. This information could be used to identify and target hard to reach groups to invite to the awareness raising event. An item could also be included in the quarterly newsletter and NAC officers could highlight the event wherever possible within the community. Whilst the format of the event would be discussed further, it was agreed that input by groups should be concise and limited to an “elevator pitch” of no more than 2 minutes. The Partnership agreed that officers investigate and put in place the necessary arrangements for an awareness raising event to be held in late February 2019.	Jim McHarg/ Shirley Morgan
9.	Other Business	
9.1	Community Investment Fund The Ayrshire Community Trust submitted an application for funding from the CIF. The funding would be used to deliver a programme of coaching support to develop the capability of individuals, groups and local organisations to enable them to implement projects that address community needs. Raise Your Voice Ardeer	Financial assistance towards a Feasibility Study on the toilet building at Stevenston Beach. Feasibility Study - £4,800 Total cost of project - £4,800	£4,800	None
<p>Economy & Communities, Finance & Corporate Support, and Legal Services have been consulted and their comments are as follows:</p> <p>Finance & Corporate Support: A quote has been provided for the feasibility study but there are no details of how the project will be funded if it is successful.</p> <p>Legal: I have reviewed this application from Raise Your Voice Ardeer for common good funding.</p> <p>In terms of s15(4) of the Local Government (Scotland) Act 1994 when determining whether an application should receive assistance from Common Good funds the Council should have regard to the interests of the inhabitants as a whole of the area to which the Common Good relates.</p> <p>I note that funds are being requested to meet the cost of a feasibility study into repairing or replacing the Toilet facilities at Stevenston Beach. I am of the view that the provision of toilet facilities would benefit all ages and sectors of the community and accordingly an award of funding can be substantiated legally.</p> <p>If the decision is to award funding I would ask that the benefit to the whole community be clearly recorded as it is likely that the auditor will require this information.</p> <p>Economy & Communities: Economy and Communities are supportive of this application as it shows clear community benefit. The group has consulted with the local community who have expressed that they are keen to regenerate Stevenston Beach. The feasibility study is essential to determining the required repairs to the building/toilets at Stevenston Beach and the reinstatement of toilets at Stevenston Beach will provide amenities for the local community and encourage more visitors to the area.</p>

Street Name Suggestions	Background
Colin Hay St,Rd,Cres,Ave,Square etc	<p>Brought up in Saltcoats until he was 14 years old - his father owned the music shop in Dockhead Street (possibly). He went on to become a world renowned, Grammy winning singer/songwriter and has written some very memorable songs. When asked in TV interviews where he comes from he still mentions Saltcoats and retains his accent. He is a great ambassador for the town and by recognising him in this way could he become an inspiration to young three towns aspiring musicians who hope to make a career from their gifts.</p>
Reilly Gardens	<p>The last surviving member of the family business which was located at 24-26 Green Street Saltcoats is Mr Peter Reilly BEM, aged 103 years.</p> <p>The Reilly business, located in Green Street was across from the then, Police Station.</p> <p>Peter Reilly (born 1833) brought up his family above their grocer's shop.</p> <p>In addition they had a wholesale egg and butter business, supplying customers at that time from Largs to Irvine.</p> <p>The wholesale business continued for a further 2 generations</p> <ul style="list-style-type: none"> -Michael Reilly (born 1874) -Michael A Reilly (born 1917) assisted by Peter Reilly (born 1915) <p>until it was sold in 1983.</p> <p>The original wholesale business was by horse and cart. During WW1, one of the horses was requisitioned for the war effort in Princes St Ardrossan and Peter had to pull the cart back to Saltcoats. During WW2 there were no producers of eggs on mainland Scotland and such had it be sourced from Ireland, Orkney, Shetland, France and even China with powdered eggs coming from Argentina.</p>
James Reid St,Rd,Cres,Ave,Square etc	<p>James Reid 1887-1967 was a native of Saltcoats and served in local government and ultimately as Provost of Saltcoats. An inscription on our school plaques notes that his priority was always the welfare of our children. James Reid is also noted, in particular, for his support of the ASN sector and for the welfare of our children and young people.</p>

Glen Banks	Local nature site to north of planning application site
John Lambie St,Rd,Cres,Ave,Square etc	John Lambie was the chief locomotive designer of the Caledonian Railway
Joan Gordon St,Rd,Cres,Ave,Square etc	Was a very well-known music teacher within the 3 Towns. She taught at Auchenharvie Academy for many years and also went out to the primary schools within this area also. She also played the organ for St Cuthberts church for over 25 years and was the head of the church choir.
