- **Arran will operate from 9am to 7pm.**

➤ **Digital Resource for available for carers**

Did you know if you are an unpaid carer you could tap into support, information and e-learning through the Digital Resource for Carers?

With more individuals self-isolating and social distancing, the carer's role can become stressful and it can be difficult to communicate with others who may also be caring for the same person.

The Jointly app allows you to create a circle of care for the person you are looking after. Once you have set up your Jointly circle, you can start using Jointly to organise care.

Normally there is a charge for this app, but if you sign up to <https://carersdigital.org/> using the free code DGTL4110 you can access Jointly for free.

For more information on other support available contact North Ayrshire Carers Centre **01294 311333**.

➤ **Volunteering: Be Inspired**

In these unprecedented and troubled times now more than ever there is the opportunity to make a difference in someone's life, a chance to do something that could make a difference in your local neighbourhood.

...Are you fit and well?

...Has your day-to-day routine been turned on its head and you're not sure what to do with yourself?

...Have you thought of ways that you could help vulnerable family members, neighbours and friends?

Over the coming weeks we'll be giving you ideas and hopefully inspiration on how you can do that.

Support is available through the Be Inspired project via the two Community Coaches. How, might you ask, can we access that support?

Even though we can't have face-to-face meetings with you we can support you through phone calls, emails, social media and video calls.

Watch this space for ideas over the coming weeks!

Helpful Tip If you or someone in your family don't have the essential digital skills and are unable to place an online food order then it may be useful to handwrite a shopping list, take a photograph using a mobile phone and send to friend or relative who can then place the order online for you. ➤ Energy

Ofgem have published advice and answers to questions you may have on managing your energy supply during the outbreak. For further details click [here](#).

New emergency measures with the energy industry have been agreed by the government to protect the domestic energy supply of those most in need during the disruption caused by COVID-19.

From today customers with pre-payment meters who may not be able to add credit can speak to their supplier about options to keep them supplied. This will benefit over 4 million customers.

This could include nominating a third party for credit top ups, having a discretionary fund added to their credit, or being sent a pre-loaded top up card so that their supply is not interrupted.

More broadly, any energy customer in financial distress will also be supported by their supplier, which could include debt repayments and bill payments being reassessed, reduced or paused where necessary, while disconnection of credit meters will be completely suspended.
