Irvine Seniors Forum

We continue to support Irvine Seniors Forum. The Forum have requested assistance in funding applications to enable them to hold an information day open to the community to publicise the work they are doing and to attract new members. The group had speakers from TACT and Tesco at their last meeting. Tesco will run digital support sessions for the Seniors Forum to assist them in using digital equipment such as mobile phones and tablets.

CLD Priorities

Youth Provision

Locality youth work provision started week commencing 20th January 2020. 11 opportunities for engagement in place

Job Club

Job Club at Bourtreehill Library was cancelled as there were no attendees. The Job Club in Irvine Library was more successful and recommenced on Monday 20th January. Job Centre have been informed that the job club will now run on Mondays instead of Thursday. There will be updates on Facebook also to let the community know this support is available.

Employment and the economy

Digital Café

Digi Café recommenced on Tuesday 21st January. Support will be provided to attendees in all thing digital. In December, the North Ayrshire Disability Alliance members attended the Digi Café and we helped them to set up their Facebook page and assign admins. They attended again in January to seek assistance with Grant applications and used the laptops to work on their applications.

Activity Agreement Programme

There are 7 young men registered on the programme progression routes are in place with most being interested in the hospitality and catering industry. Planning stages in place to develop programme into a social enterprise business with appropriate partners.

Roots into employment

Redburn modern apprentice had now completed her qualification and has secured full time employment. Pg - 8

North Ayrshire Community Planning Partnership

Reporting Period – January 2020

Harbourside Men's Shed - Continuing to work in partnership with the Maritime Museum to support the Men's Shed. Their CIF application was approved at cabinet and they are awaiting the funds being paid into their account. The group were successful in gaining funding from the National Lottery Communities Fund (£8661). The group also secured Nurturing Excellence funding to allow them to purchase equipment for their workshop area. The Men's Shed have secured premises. They will move into Unit 32 at Kyle Road. The Maritime Museum currently rent this unit from NAC. The funding will cover the cost of partitioning off the premises to enable the Men's Shed to create an area specifically for them. This will include a workshop area, kitchen area and socialising space. Building Standards approved their plans and informed them that a building warrant would not be required. As soon as the funds are available, they will start working on the alterations. We will continue to support them through the ongoing process and development of the group.

Mental Health

Irvine New Town Men's Shed - The group were successful in gaining CIF funding. This was approved at Cabinet in January. This will allow the group to continue to develop their premises in Bourtreehill Village Centre. We supported them in funding applications to the National Lottery to allow them to hold an open day to highlight the work they are doing and to attract new members. No decision has been made on this yet. The Men's Shed assisted the Irvine Neighbourhood Youth Forum by making a Santa's Sleigh for the grotto at the Irvine Christmas Light Switch-on back in December. The group continues to grow in numbers and continues to assist members of the community by repairing furniture free of charge.

Community Asset Transfer

Eglinton & Castlepark Community Association

Application for community asset transfer for the land that lies adjacent to Redburn Community Centre on Dickson Drive for the development of a sports field for the use of the surrounding community. The community association has been working with a range of partners including Castlepark Primary, Nursery, parent council and Irvine Neighbourhood Youth Forum to work together to deliver the project. The community Association has been engaging and consulting with the with the community. There are currently limited spaces within the community of Castlepark and Redburn.

	The prices have been updated as of March 11, 2020. All PCs/Laptops will have Microsoft Office Home & Student installed. All the computers and laptops in place at present are available for public use but are long past their best, making using them a slow and frustrating experience. Many still have Windows 7 as their operating system, indicating that they were acquired 8 to 11 years ago - i.e. extremely old in computing terms. The cameras, similarly, are obsolete but are essential in capturing evidence for the locality team. Printers are needed to help members of the community without access to print facilities. Redburn has 25 iPads. We wish to provide a choice of Operating Systems by offering Android tablets.
Timescale	The need for the upgrade of the PCs and laptops is immediate. Currently anyone using them is likely to be put off returning.

Community Investment Fund Expression of Interest Form

Organisation name	Castlepark Community Association
Brief details of organisation	Castlepark Community Association is a voluntary run committee that manages Castlepark Community Centre for the benefit of the inhabitants of Castlepark and Eglinton without distinction of sex, or political, or religious, or opinions. The community centre serves the community as a hub, where people of all ages can come together to access learning opportunities, social, recreational activities, youth and adult groups. Established in 1978, Castlepark Community Association also has a long history of providing recreational and leisure activities for the most vulnerable members of the local community, through running groups for the disabled and elderly.
Locality	Irvine Locality
Amount requested	£100,000
Brief overview of proposal	There are currently limited spaces within the community of Castlepark and Redburn for outdoor recreational and sporting activities. At the moment the local Primary School and the surrounding community have no dedicated park area for sports days and leisure activities, and currently have to travel to actively take part. Young people also have limited areas for play and sporting activities. Working in partnership with Castlepark Primary, Castlepark Early Years Nursery, Castlepark Parent Council, and Irvine Youth Forum. We are aiming to complete an asset transfer of the land that lies adjacent to Dickson Drive, Redburn and develop it into a sports field for the use of the surrounding community, as at the moment the land is not serving any purpose and suffers from frequent dog fouling and littering. Taking on the asset would encompass fencing the land, cleaning up the area, re-surfacing the ground, and turning the ground into a sports field for the benefit of the local community, primary school, nursery, and various community groups. The ground would aim to have a dedicated mini running track for sports days/athletics, and lined football pitch. The park would also contain an outdoor multi-gym facility. The perimeter of the area would also be developed into a more aesthetically pleasing pathway area with colourful plants, and park benches/seating areas. Currently there is a Multi-Usage Games Area (MUGA) situated on the field next to Redburn Community Centre, as part of the plan this would also be secured, upgraded with a new surface and timed floodilghting. Through consultation with the Irvine Youth Forum the young people have also identified the need for a sheltered safe space on the ground. Castlepark sits in the 10%, and Redburn sits within the 20% most deprived areas of Scotland. In parts of Castlepark and Redburn upto 32% of the population suffer from Mental Health. With the introduction of the sportsground and the encouragement of active exercise, this could make a positive change in the mental health and well

	The introduction of the sportsground would increase healthy outdoor activities, and break the cycle of isolation by encouraging team and social activities from early years to retirement. Taking part in regular sporting activities locally could also increase aspiration and foster self-esteem in the participants. We will also be looking to match fund from funders such as Sportscotland, PB, and National Lottery. Whilst partners will also actively fundraise for any additional costs.
Timescale	18 months - 2 years

HMS is made up of members that are retired, unemployed, experience social isolation, loneliness and a lack of self- worth, which has an effect on their mental health and general wellbeing. The Men's Shed provides opportunities for the sharing of skills and knowledge across all age groups and helps tackle social isolation and improve the health and wellbeing of the members. The group are keen to have CCTV fitted at their premises. The will potentially have thousands of pounds worth of equipment kept in on their premises and would like to ensure that it is kept as secure as possible. The purchase of a camera controlled door-bell at the entrance would also add an extra element of security.

The aim to foster interest in and raise the standard of horticulture generally which in turn brings benefits to the wider community by reducing social isolation, building capacity, supporting mental health and wellbeing and engaging communities. The group has a key part to play in the annual Marymass Festival by organising the Flower show, serving not only the wider community but the Queen, Marys, Pages, carters and NAC representatives. The flower show allows a wide age group of the community to take part. Approximately 60 – 70 participants enter show annually and there are up to 200 visitors on the day. This promotes community cohesion by encouraging members of the community to get involved in
				entering the flower show by means of hobbies, supporting mental health and wellbeing of the individuals taking part and boosting aspirations and confidence.

Locality Partnership: Irvine Locality Partnership

Date: January 2020

Subject: Residential Development at Dalrymple Court, Irvine

Purpose: Decide Street Names for the new development.

Background

The developer of the above site has contacted this department requesting new street names for the development.

The Council has a statutory obligation under the Civic Government (Scotland) Act 1982 to give a name to each new street built within the Council area, and this name, along with street numbers, becomes the postal addresses.

An outline plan of the development is available as an appendix.

At this stage, the development requires 1 new street name.

Key Points for Locality Partnership

Proposed examples of numbering layout plans are available as appendices along with a list

of proposed name suggestions.

Action Required by Locality Partnership

Choose 1 new street names for the development.

For more information please contact: *Lisa Dempster or Kirsty Gee, Planning Technicians, 01294 324319, snn@north-ayrshire.gov.uk*

Completed by: Lisa Dempster and Kirsty Gee

Date: 29th January 2020

Appendix 1

Suggestion	Source	Background	Planning Comment
Dalrymple Gardens	Developer	The streets surrounding the development and the previous complex has the prefix Dalrymple. Homage could be paid to this with a new suffix for example Dalrymple Gardens.	Planning has no objection to this proposed name, it is in keeping with the area and guidance notes.
