

Development of Partnership Plan for North Ayrshire Community Planning Partnership

North Ayrshire Community Planning Partnership is organisations working together with local communities to make a positive difference to the lives of North Ayrshire people. We are developing our new plan which will run from 2022 to 2030. We would like to know what you think are the key issues that we concentrate on as a partnership.

The priorities in our new plan will focus on the biggest impact we can make as a local partnership on local inequalities. We want to know what you think these priorities should be. We have suggested some potential priorities and we want to know what you think of these. These come from pulling together issues already identified as priorities in our localities, along with national priorities. You can also tell us if there is something else we should be focusing on.

This survey should take 5-10 minutes to complete.

You can find out more about Community Planning, and this consultation here - www.northayrshire.community (<http://www.northayrshire.community>).

This survey will remain open to 31st December 2021.

We will store and use the information you give us in line with North Ayrshire Council's privacy policy which is available here - www.north-ayrshire.gov.uk/privacy-policy.aspx (<http://www.north-ayrshire.gov.uk/privacy-policy.aspx>).
